Dear Sir/Mam,

I have completed my Bachelor's Degree in CSE, and having years of hands-on experience creating and implementing software applications, and the ability to troubleshoot and solve problems in a timely and accurate manner.

I am having confident that I can make a significant contribution to your company by providing my excellent software development skills to your company and it's clients. As a developer I feel that my greatest strengths are being able to write code for individual programmes from specific requirements, investigate and analyse reported defects and also an ability to perform.

I am having the Hands-on Experience in **Ruby On Rails, HTML5, CSS, JQuery, JavaScript, AngularJS, Ajax and Bootstrap**. Having Good Knowledge in **Core Java, Servlet,JSP, Hibernate and Spring** . **I have good command on injection in Spring with DAO.**

I truly believe in learn newly technology . I hope to bring my knowledge, and future knowledge, to your organization.

Sincerely,
Subhash Kumar
